Hi, Mike:

Sorry for the delayed response. Thursday was a little crazy and I had OSHA 8-Hour Health and Safety Refresher training in Butte on Friday. I'm headed for Breckenridge, Colorado today for the Superfund meeting later this week. You can give me a call on the mobile Personal Matters / Ex. 6 if you need anything, or we can catch up next week. I hope you had a good weekend!

Thanks,

Joe

Hey Joe,

Next week has come and is almost gone? ☺

Got time for a quick update?

Hi, Mike:

Do you want to get on the phone with Roger and me to take a stab at planning out CFAC? Let me know when you might have some time. It shouldn't take more than twenty to thirty minutes to run through it.

Thanks,

Joe

Hi,

This site has been proposed and we need to plan out the pipeline activities and needs. Please marked up the attached SCAP-2 and send it to me.

Thanks
Dianna
